## 3D Systems Begins Next-Day Shipment Service

- Customers Purchasing Popular 3DTouch Printer First To Benefit -

**ROCK HILL, South Carolina –February 7, 2012–** [3D Systems](#) Corporation (NYSE:DDD) announced today the immediate availability of next-day shipment service for its popular [3DTouch™ printers](#) in direct response to growing customer demand.

The 3DTouch™ printer is an affordable, personal 3D printer equipped with up to three print heads and a wide choice of print materials and colors. With triple the print volume of the next competitor in this class, the [3DTouch](#) is also the only printer to mix up to three different print materials and colors during its print cycle for [multi-color printing](#) of demanding geometries. With standard touch control screen, USB storage and file transfer, the 3DTouch™ printer is intuitive, easy to use and affordable to operate.

"We are delighted to offer next-day shipments for our best selling educational and maker printer," said John Kawola, Vice President and General Manager, Personal and Professional Printing Solutions for 3D Systems. "In response to popular demand we enhanced and globalized our e-commerce capabilities on [www.bitsfrombytes.com](http://www.bitsfrombytes.com), consistent with our commitment to democratize access to affordable 3D content-to-print solutions for the benefit of teachers, students and consumers alike."

### About 3D Systems Corporation

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.

More information on the company is available at [www.3DSystems.com](http://www.3DSystems.com).
