3D Systems Moves Its French HQ

- Integrates Its Core Businesses In To Modern Facilities -

ROCK HILL, South Carolina – July 28, 2010 - 3D Systems Corporation (NASDAQ: TDSC), announced today that its plans to move its headquarters to its newly acquired modern facilities in Le Mans and consolidate all of its French operations for increased efficiency and enhanced customer service.

Earlier this month 3D Systems acquired two leading French Prototypers; CEP and PROTOMETAL as part of the companies' expansion of its [3Dproparts™](#) Rapid Prototyping and Manufacturing parts service in Europe.

"We are pleased to integrate all of our French activities into a central and modern facility for the benefit of our customers," said Cathy Lewis, vice president global marketing, 3D Systems. "These recently acquired facilities and capabilities have provided the perfect setting to effectively service and support our growing base of 3D Systems and 3Dproparts™ customers in France."

Forward-Looking Statements

Certain statements made in this release that are not statements of historical or current facts are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the company to be materially different from historical

results or from any future results expressed or implied by such forward-looking statements. In addition to statements that explicitly describe such risks and uncertainties, readers are urged to consider statements in the conditional or future tenses or that include terms such as "believes," "belief," "expects," "estimates," "intends," "anticipates" or "plans" to be uncertain and forward-looking. Forward-looking statements may include comments as to the company's beliefs and expectations as to future events and trends affecting its business and are necessarily subject to uncertainties, many of which are outside the control of the company. The factors described under the headings "Forward-Looking Statements," "Cautionary Statements and Risk Factors," and "Risk Factors" in the company's periodic filings with the Securities and Exchange Commission, as well as other factors, could cause actual results to differ materially from those reflected or predicted in forward-looking statements.

About 3D Systems Corporation

3D Systems is a leading provider of 3D Printing, Rapid Prototyping and Manufacturing systems and parts solutions. Its expertly integrated solutions reduce the time and cost of designing products and facilitate direct and indirect manufacturing by creating actual parts directly from digital input. These solutions are used for design communication and prototyping as well as for production of functional end-use parts: Our customers Create With Confidence.
