## 3D Systems Begins Next-Day BotMill Customer Shipments

**ROCK HILL, South Carolina – November 18, 2011** – [3D Systems](#) Corporation (NYSE:DDD) today announced the immediate availability of next-day shipment service for its popular [BotMill™ 3D printers and kits](#). The company stated that it has expanded its manufacturing capacity to offer this service in response to growing customer demand for its affordable BotMill™ [Glider 3D printers](#) and [Axis kits](#).

“We are pleased to be the first to offer next-day printer shipments in preparation for the holiday season,” said Rajeev Kulkarni, Vice President, Consumer Solutions for 3D Systems. “BotMill™ printers are ideal for educational and DIY applications and creating next day shipment service underscores our commitment to democratize access to affordable 3D content-to-print solutions for the benefit of teachers, students and consumers alike.”

### **About 3D Systems Corporation**

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These solutions

are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.
