3D Systems Delivers New ProJet™ HD*plus* Printer

- Next Generation Professional 3D Printer Launched At Euromold -

ROCK HILL, South Carolina, December 1, 2010 – 3D Systems (NASDAQ: TDSC) announced today the immediate availability of a new 3D Printer, the ProJet™ HD 3000*plus* which will be on display at the 2010 Euromold Exhibition and Conference December 1 – 4th, Hall 11, location D46.

The [ProJet™ Plus](#) series features a 60% expanded, high definition build envelope and advanced print detail output. The ProJet™ HD 3000*plus* printer includes a new 16 micron print resolution that delivers exceptional hard plastic parts with unmatched micro-detail and surface quality. Each [ProJet™ HD 3000*plus*](#) comes with a 5 year print head part warranty.

“We are pleased with the enthusiastic customer acceptance that our [ProJet™](#) printers enjoy world-wide,” said Buddy Byrum, senior director, 3D printing for [3D Systems](#). “We are excited to deliver to the marketplace additional value through increased productivity and printability of larger precision parts with micro detail and surface quality previously unavailable from 3D printers.”

About 3D Systems Corporation

3D Systems is a leading provider of 3D Printing, Rapid Prototyping and Manufacturing systems and parts solutions. Its expertly integrated solutions reduce the time and cost of designing products and facilitate direct and indirect manufacturing by creating actual parts directly from digital input. These solutions are used for design communication and prototyping as well as for production of functional end-use parts: our customers create with confidence.
